Better Business Cases™

Foundation and Practitioner

Give your change initiatives the best chance of success with our Better Business Cases training and certification.

In our post-recession world, where the focus is increasingly on showing value for money, the Better Business Cases™ methodology is a great way to ensure everyone involved in the Project has an understanding of proven tools and techniques to make a stronger and more successful Business Case.

The Better Business Cases™ methodology is written by the UK Government Treasury in conjunction with the Welsh Government, is well tried and tested and in their words has led to “quicker and cheaper business decisions”.

A ByteSize introduction to **Better Business Cases™**

“

I attended the Better Business Cases Foundation course with Training ByteSize. The trainer's grasp of and the ability to explain the intricacies made the course both enjoyable and informative.

The course material and notes made over the two days were really useful, and no doubt I'll be referring to these for years to come.

Certainly one of the best/most informative training courses I have attended.

”
