Praxis[™] Framework

Foundation, Practitioner and Bridging

Praxis is a community driven framework which helps individuals and organisations realise the intended benefits of projects, programs and portfolios. The Framework is a combination of four types of best practice guidance; knowledge, method, competency and capability.

Praxis Foundation provides an understanding of project and program functions, plus the processes and documentation used to manage lifecycle phases. The Practitioner builds on this understanding, providing knowledge to apply and tailor Praxis to an organisation's projects and programs.

The Bridging Course is for those who have previously undertaken training and would prefer to use a more integrated framework going forward.

A ByteSize introduction to **Praxis**[™]

Accreditation: APM Group

Foundation: Introductory level

Foundation exam format:

- Multiple choice
- 75 questions
- 50% pass mark
- 60 minutes

“

Training Bytesize are a fantastically professional organisation that know exactly what they're doing.

I went on the classroom course and did a substantial amount of additional work and it paid off.

They trained us to achieve an 80% pass mark and that's what happened.

Would highly recommend them as a provider and their experienced trainers.

Katrina
